Barrel Brite

Heavy Duty Non Hazardous Concrete Truck Cleaner

WHAT IS BARREL BRITE?

Truck & Barrel Brite is a special non fuming, non-corrosive concrete truck & barrel cleaner & brightener. This product will remove concrete from trucks, forms, equipment, and from mixers. This product goes to work immediately and is harmless on most paints and finishes when used as directed. This special blend allows for safer handling, decreasing costs of repair and maintenance on vehicles. Great for use in automated and drive through systems.

BENEFITS:

- Goes to work immediately. There is no reaction time needed.
- Non-fuming formula.
- Non Hazardous, allowing for easy use and storage.
- Will remove rust without attacking vehicles metals.
- Leaves behind a shine on the trucks surface.
- Environmentally Safe & Biodegradable.
- Contains special wetting agents that dissolve tough carbonates, leaving behind a new looking natural color surface.

DIRECTIONS FOR USE:

Before using, make sure that the desired surface is cool to prevent early evaporation.

Barrel Brite may be diluted with up to 3 parts water or can be used straight depending on cleaning demands. Flexibility allows for more economical application where desired.

For best results, apply Barrel Brite with a hand held sprayer and cover the desired area. Foaming indicates product is reacting. When foaming stops, rinse completely with water. Follow up with truck wash detergent for optimal cleaning.
