CLEANING SYSTEMS

Applications:

- Trucks
- Truck Barrels
- Mixing Equipment
- Heavy Duty Equipment
- Concrete Floors
- Restoration

Available Packaging:

55 Gallon Drum
30 Gallon Drum
5 Gallon Pail

TECHNICAL DATA:

Color.....Clear
Odor.....Faint
pH.....1-2
Form.....Liquid
Flash Point.....212°F
Foam.....Moderate
Biodegradable.....100%

Con-X

Heavy Duty Concentrated Non Hazardous Concrete Equipment Cleaner

WHAT IS CON-X?

Con-X is a special non fuming, non-corrosive acid based concrete remover that contains a special blend of organic acids to safely remove concrete from vehicles and other concrete surfaces. This product will remove layers of concrete from trucks, forms, equipment, and from mixers. Con-X goes to work immediately and is harmless on most paints and finishes when used as directed. This special blend allows for safer handling, decreasing costs of repair and maintenance on vehicles.

BENEFITS:

- Goes to work immediately. There is no reaction time needed.
- Non-fuming formula.
- Non Hazardous, allowing for easy use and storage.
- Contains all natural acids.
- Will remove rust without attacking vehicles metals.
- Saves time...One step cleaning action eliminates the need for a multiple line of cleaning products.
- Easy application.
- Contains special wetting agents that dissolve tough carbonates, leaving behind a new looking natural color surface.

DIRECTIONS FOR USE:

Before using, make sure that the desired surface is cool to prevent early evaporation.

Con-X may be diluted with up to 7 parts water or can be used straight depending on cleaning demands. Flexibility allows for more economical application where desired.

For best results, apply Con-X with a hand held sprayer and cover the desired area. Foaming indicates product is reacting. When foaming stops, rinse completely with water. Follow up with truck wash detergent for optimal cleaning.
