HOT WATER PRESSURE WASHER

8000 Series - Stationary • All-Electric

It's Electric

The 8000 Series are electrically heated. Heavy duty removable high pressure heating elements heat the water instantly.

System protection devices verify water flow, water pressure, and water temperature to keep this system running strong.

Features

- Timer Shutdown
- Stainless Steel Cabinet Cover & Control Panel
- 24 Volt Controls
- Low Water Shutoff
- Dual High Limit Protection
- Reduced Flow Protection
- Washer Failsafe Monitoring System
- Time Delay
- Remote Ready
- Calibrated Detergent Mixing Valve

Up to 3000 PSI

Options:

- Variable Pressure Wand
- Downstream Chemical Injection
- Wheel Kit
- Explosion-Proof Motor
- Explosion-Proof Controls
